

AUTHOR. SINGER. NERD.

# TYROLIN PUXTY

I'm a Jack, or more accurately, a Tyrolin of all trades.

Broken Dolls, the first in the trilogy, is an international #1 bestseller and appeared on BuzzFeed's Top 24 Best SciFi/Fantasy Books of 2015.

I have been in the Top 25 of the Australian Songwriters Association and Top 25 of the Australian Independent Music Awards, was awarded an Australia Day Award for Music in 2014 and for Arts in 2015. I own a performing arts school, teach creative writing and host a podcast called HooPod, which is part of Felicia Day's Hooman community.

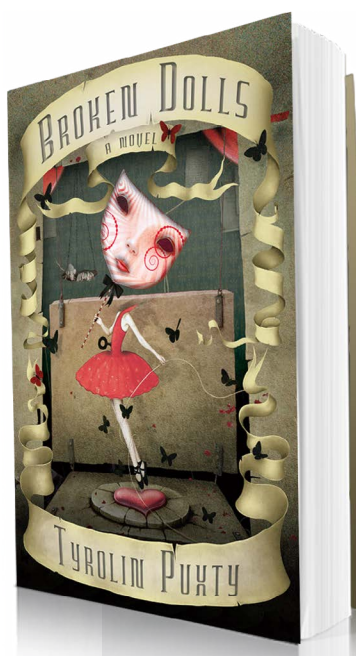

Chocolate, cats and writing take up the majority of my time. Can you blame me?

# BROKEN DOLLS

Ella doesn't remember what it's like to be human; after all, she's lived as a doll for thirty years. She forgets what it's like to taste, to breathe...to love.

She watches the professor create other dolls, but they don't seem to hang around for long. His most recent creation is Lisa, a sly goth. Ella doesn't like Lisa. How could she, when Lisa keeps trying to destroy her?

Ella likes the professor's granddaughter though, even if she is dying. It's too bad the professor wants to turn Gabby into a doll, depriving her of an education...depriving her of life.

With time running out and mad dolls on the rampage, Ella questions her very existence as she unearths the secrets buried in her past; secrets that will decide whether Gabby will befall the same fate...

ISBN - :9781620076880

PUBLICATION DATE: - JUNE 13TH, 2016

PRICE: - 14.99

# SHATTERED GIRLS

Ella's decision to return to her doll form has caused more trouble than she ever thought possible.

Gabby's a moody teen. The professor is gone. And people are going missing at alarming rates; including Gabby's parents.

Robotic dolls – eerily similar to Ella – are popping up across the globe and nobody seems too concerned about it. Nobody except for Ella and Gabby.

With only the crazed Sianne left to help them, the girls must fight to find the truth behind the epidemic and the robotic dolls.

Only Ella doesn't think they're robotic at all...

ISBN - :9781620079300

PUBLICATION DATE: - DECEMBER 14TH, 2016

PRICE: - 14.99

## PRAISE FOR BROKEN DOLLS AND SHATTERED GIRLS

Right away, the story got my attention with a quirky atmosphere blending creepy and cute. It conveys the same sense of mood I got from watching *The Secret Garden* or *Turn of the Screw*. That "everything seems okay on the surface, but something creepy is surely lurking beneath the surface." - AUTHOR MATTHEW COX

One of the most unique novels I have ever read. It was like a Doctor Who episode!  
Can not wait for the next novel! - BENJAMIN OF TOMES, YOUTUBE PERSONALITY

This was my first read by Tyrolin and I'm proud to say that I immediately fell in love with her writing. I've been absolutely obsessed with anything that has to do with animating/animated dolls ever since I could remember so the premise spoke to my heart.... I was completely infatuated with these characters and the complexity they showed. I loved how they had such distinguishing personalities that made them memorable in my eyes. I've never read anything like this and I couldn't be more grateful for discovering Tyrolin. I couldn't flip the pages fast enough while she kept turning my world upside down. I need the sequel in my hands like yesterday... I need to know what else happens with these dolls! That ending was completely bittersweet and I have to see how the story will continue!  
- THE BOOKISH CRYPT

I absolutely adored the first book, *Broken Dolls*, in fact I still recommend this book to anyone interested in a new and freakish idea. This book doesn't disappoint.

Tyrolin Puxty invites us back to a world in which desperate times calls for desperate measures and old enemies rise to become almost-allies.

The mechanics of this world are clearer than the last book and it is my hope that the next will be even better. This time, it is clear that it is a dystopian era, where the government seeks to control, they stage an epidemic with the help of the media which spurs the invention of a cure - which is what occurs in book 1. In this book, the government seems to be striving toward a Utopia. Where no criminals exist, no prisons and they are aiming to cull the herd so to speak, anyone who isn't intelligent is culled. They want peace, they want world domination. That's really what sets this novel into motion these world elements, though small and scattered through the book are what make this book. - BOOK SAVVY REVIEWS

What an amazing read! I was unable to put this book down and read it in one sitting. This is a fast paced and intriguing read with just the right amount of the creepy factor (duh, it is about dolls after all.) I found myself making so many assumptions about what was really going on and I was entirely wrong. So wrong that once the truth came out I was blown clear out of the water. *Broken Dolls* is a unique and creative story and you will certainly not be disappointed. I'm extremely happy that I stumbled upon this author and I eagerly await the release of the next book. - THE VOLUMPTUOUS READER BLOG

# ABOUT CURIOSITY QUILLS

Curiosity Quills Press is an established publisher of high-quality fiction of many flavors. In just 3 years the company, known as CQ, grew from fledgling press to competitive publishing house, offering over 200 books in its catalog thus far. CQ has made its mark with unique genre fiction and top-notch writers, expanding in 2016 to include a romance imprint under the name Rebel Romance. CQ was founded on two principles: a pure love of fiction reading and a strong belief that writers should and could get more from the publishing industry.
